

# Customer experience journey map

Incorporate this framework to better understand customer needs, motivations, and obstacles by illustrating a key scenario or process from start to finish. Use this map to document and summarize interviews and observations withreal people rather than relying on your hunches or assumptions.

## Document an existing experience

Concentrate on a specific scenario or process within an existing product or service. In the **Steps** row, document the step-by-step process someone typically experiences, then add detail to each of the other rows.

**TIP**  
As you add steps to the experience, move each these “Five Es” the left or right depending on the scenario you are documenting.

SCENARIO

Browsing, booking, attending, and rating a local city tour

Steps

What does the person (or group) typically experience?

Interactions

What interactions do they have at each step along the way?

- People: Who do they see or talk to?
- Places: Where are they?
- Things: What digital interfaces or physical objects would they use?

Goals & motivations

At each step, what is a person’s primary goal or motivation? (“Help me…” or “Help me avoid…”)

Positive moments

What steps does a person generally find enjoyable, productive, fun, motivating, delightful, or exciting?

Negative moments

What steps does a person generally find frustrating, confusing, angering, costly, or time-consuming?

Areas of opportunity

How might we make each step better? What ideas do we have?

Entice

How does someone initially become aware of this process?
